Employment rising – until virus struck

UK employment was estimated at a record high in the three months to February, before the effects of the coronavirus lockdown started to hit the economy.

Official figures showed 76.6 per cent of people aged 16 to 64 were in paid work, up from 76.4 per cent in the previous quarter.

Unemployment was estimated at four per cent, up slightly on the last quarter, the Office for National Statistics said.

However, early estimates for March showed a slight drop in the number of paid employees compared with February, though they were still 0.8 per cent higher than the same period last year.

Pay in February continued to grow faster than inflation, but its rate of growth has slowed since the middle of last year.

There were 33.07m people in employment, 352,000 more than a year earlier.

'Despicable' thugs raid OAP couple

AN elderly couple were sprayed in the face with fire extinguishers when their home was raided by masked men, police said.

A group of three or four suspects, who wore gloves and had their faces covered, made off with a small amount of cash in the "despicable" attack.

They targeted the house in Hornchurch, east London, on Saturday evening, entering through the back door.

After letting off fire extinguishers in the faces of the pensioners they cut the man's hand, most likely with a screwdriver, putting him in hospital.

The woman was pushed to the floor as her partner was asked about money in the house.

Police, who are still hunting the raiders, said they spoke with what may have been Eastern European accents.

QUEEN'S VIRTUAL BIRTHDAY

THE Queen marked her 94th birthday in CYBERSPACE yesterday as members of the Royal Family and sent the monarch greetings via social media.

Her Majesty spent the day in lockdown at Windsor Castle in Berkshire with her husband of 72 years, Prince Philip the Duke of Edinburgh and a reduced household on hand for their protection.

Aides set up Zoom video calls to mark the celebration instead, allowing the Queen's children, grandchildren and great-grandchildren to wish her a happy birthday.

With the UK in lockdown and thousands dead from the coronavirus outbreak, there were no birthday gun salutes as the Queen decided the traditional celebratory display of military firepower would not be appropriate at this time.

The Prince of Wales and the Duchess of Cornwall's Twitter account also sent its birthday wishes, with a collection of archive photos of Charles and his mother.

The armed forces – which the Queen heads – also sent tributes via Instagram.

North Korean tyrant 'at death's door' after major heart op

HARD CHEESE: Kim and (above) his sister, also called Kim

TUBBY tyrant Kim Jong Un is reportedly fighting for his life after emergency heart surgery.

Years of feasting on high-fat cheeses have apparently taken their toll on the 36-year-old despot's ticker, leading to life-threatening fatty-deposits on his heart.

It was yesterday claimed U.S. spooks are closely monitoring his health after he underwent a complex cardiovascular procedure.

Some reports claim it is not known

By ROY DURRIDGE news@sundaysport.co.uk

if Kim is "dead or alive". One Yank TV news network even tweeted he was "brain dead", though the tweet making the claim was later deleted "out of an abundance of caution".

Prominent

Trump officials are already looking into who would be in line should he pop his clogs.

The most likely successor is his sister, 31-year-old Kim Yo-jong, who

has taken a more prominent role in state affairs in recent months.

However, both South Korea and China – who share a terror of any instability in the region – have said they believe the reports are unfounded.

North Korea's supreme leader missed the celebration of his late grandfather Kim Il Sung's birthday on April 15, first raising speculation about his health.

He was last seen on April 11 at a government meeting.

Officially, Kim is currently

recovering at a villa in the resort town of Hyangsan after undergoing a "cardiovascular surgical procedure" on April 12.

That's the same day North Korean state media claimed he had visited an airbase and observed drills by fighter jets and attack aircraft.

Kim's health has deteriorated in recent months because of heavy smoking, obesity, and overwork, according to reports.

There was no indication Kim may have contracted COVID-19.

PM'S CARRIE: END WET MARKETS

THE PM'S fiancée has led calls to pressure China into banning their vile "wet markets", where endangered species are butchered for revolting exotic dishes.

Carrie Symonds (left) yesterday revealed she has signed a petition calling for an end to wet markets across the world.

The markets are widely thought to be where the coronavirus outbreak started.

The godless bazaars – which are commonplace across China – are crammed with exotic species in filthy cages. Slavering customers choose an unfortunate animal – be it bat, pangolin or little monkey – to be hacked to bits and parcelled up in filthy newspaper.

The mess of blood, fur, scales and mucus is then boiled up to be scoffed by Chinese gourmands.

Boris's pregnant

fiancée, who was forced to self-isolate after contracting coronavirus, took to social media to share the End the Trade petition.

The 32-year-old wrote: "Have signed this petition calling for an end to the global wildlife trade once and for all. Please do consider doing the same."

"This crisis gives us the chance to start doing things better. Let this be one of those things."

POOR Amanda Holden...

First she endured a shitstorm of abuse after just one adulterous affair with *Boon* star Neil Morrissey – so breaking the heart of much-loved TV host Les Dennis.

Now she's endured another shower of brickbats – merely for attempting to cheer up lockdown Britain.

Worse than that, the sexy *Britain's Got Talent* judge has also been subjected to an outpouring of FILTHY suggestions!

The latest storm erupted when Amanda posted pictures of herself on Instagram, enjoying a glass of wine in the spring sunshine while wearing a bikini.

Flaunting

Many were delighted when the images were published on the website of the Daily Mail.

But others sniped and griped – labelling Amanda a self-obsessed, narcissistic bore, flaunting her privileged lifestyle while NHS heroes died by the thousand.

Some took it even further and made BLUE sexual remarks.

Warey111 of Bristol slavered: "Love to bang

Deno4 of Derbyshire speculated: "I bet she's dirty" while another slurped: "Hands up, if you'd finish on them" – a clear reference to EJACULATING on Amanda's pert breasts.

Yet another made the OUTRAGEOUS suggestion that Amanda should make a home sex movie by saying "She should make a 'tape'."

Liverpool fans win
'Mawa Man' red card

SINGAPORE has withdrawn a short-lived public awareness campaign on coronavirus measures depicting five comic superheroes – because it upset Liverpool FC fans.

Reds' supporters were angered by the depiction of the "Mawa Man" character – a social distancing enforced described as a Manchester United supporter who despises everything to do with the Merseyside club.

The character wears an anti-Liverpool costume and his name stands for "Must Always Walk Alone" – a play on Liverpool's motto "You'll Never Walk Alone".

The government in Singapore has issued an apology if the campaign was offensive.

Woman dies 102 years after sister

THE coronavirus has claimed the life of a 96-year-old woman – whose sister died from the Spanish flu in 1918.

Selma Esther Ryan, who died at an old people's home in Austin, Texas, last week, wasn't yet born when her sister Esther died 102 years ago at the age of five.

Selma was not tested for COVID-19 until after she died, daughter Vicki said, adding that the infection was later confirmed.

She was born five years after her sister died during the 1918 pandemic, which proved to be especially deadly for young children.

The 1918 pandemic is believed to have killed 50 million people.

HOW many of us are finding that working from home, there's no need to put fresh clothes on every day?

And how many are DISPENSING with clothes altogether?

From the number of nudie people accidentally appearing in the buff on video calls, it seems that going bare-arsed is the look for 2020.

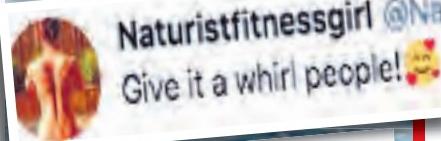

And if you're in your own home, why not?

One Brit naturist who is thrillingly waving the flag for the unclad is social media sensation naturistfitnessgirl – whose Twitter account, @Naturistfitness1, has attracted thousands of followers.

IS HE TAKING THE HISS? Man flogs virus masks made from SNAKES

A SHOP owner is selling face masks made out of the skin of a Burmese python to create a "fashion statement" and stop the spread of the coronavirus.

Brian Wood, the owner of All American Gator Products in Dania Beach, Florida, is crafting different leather masks from the skin of various animals – including pythons, crocodiles and alligators.

The Burmese python is an invasive species in Florida's Everglades and wreaks havoc with local wildlife.

But Wood has defended his unusual business plan.

"People are going to have to cover their

faces, and unfortunately the situation may last longer than we imagined," he said.

"Some people want to make a fashion statement even during this pandemic, so I want to give them options."

Python skin itself does not provide protection from COVID-19 like the N95 masks, which block small and large airborne particles.

Wood is in the process of designing a mask that allows a filter to be added or

removed – and he is in talks with suppliers of filters for possibly using cloth because surgical gear material is in high demand and running scarce.

Florida city officials in Miami mandated residents earlier in the week to wear face coverings in grocery stores, pharmacies and convenience stores.

The measure also requires all delivery workers to wear masks, as well as all construction workers on job sites.

WORLD LOCKED DOWN

MOVIE SEX IS BANNED

Virus fears scupper on-screen romps

THE future of steamy sex scenes in Hollywood movies or TV shows is hanging in the balance... thanks to COVID-19.

The coronavirus may achieve what Mary Whitehouse failed to accomplish in decades of campaigning, experts say.

Many actors have expressed concern about filming scenes involving kissing or intimacy in future projects, once the social distancing restrictions are lifted.

Major entertainment insiders are already drawing up new policies to protect A-list talent, on and off camera, which will likely lead to stars and production staff having to take coronavirus tests before stepping on set.

Scissoring

And close-up raunch, such as that seen in the *Fifty Shades* movies, or the lesbian "scissoring" seen in the arty flick *Blue Is The Warmest Colour*, could even be BANNED altogether.

A leading Hollywood intimacy coordinator said the COVID-19 virus will likely change the production industry forever.

Amanda Blumenthal feels some productions will simply remove kissing or sex scenes altogether to avoid dealing with potential safety issues.

She explained: "I would not be surprised if for a period of time, until we figure out how we can work through this safely, productions choose to go down that route in order to make it

By SIMON DEAN
simon@sundaysport.co.uk

on air – honestly, that is something that could potentially happen."

The film executive, who is founder of the Intimacy Professionals Association (IPA) and has worked on hit series *Carnival Row* and HBO's *Euphoria*, said some stars will likely refuse to film scenes involving smooching or screen sex.

And she hinted that a 'safe work environment' could mean love scenes revert back to the conservative 1920s.

"One of my fellow coordinator friends joked the other day we are going back to the 1920s, when there was censorship," she said.

"Then you could not show anything and it was implied that they make love. Instead of a love scene, they show a door closing and the audience realise they are going to have sex."

She added: "Nothing is being made right now, and there is a huge demand for content, so that would be a way to push it through quickly."

18,500 deaths nearly double usual number

DEATHS in England and Wales have risen sharply above what would normally be expected at this time of year.

The Office for National Statistics data showed there were 18,500 fatalities in the week up to April 10 – around 10,000 deaths would be expected.

More than 6,200 were linked to coronavirus, a sixth of which were outside of hospital.

But deaths from other causes also increased, suggesting the lockdown may be having an indirect impact on health.

The total number of deaths is the highest since weekly publication began in 2005.

A similar trend is being reported in Scotland and Northern Ireland.

'Immunity boost' IV drips ads banned by ASA

ADVERTS promoting IV drips that claimed to boost patients' immunity to Covid-19 have been banned by the advertising watchdog.

The posts, made online by medical companies, were a "straight breach" of the rules regarding products sold to treat or prevent the disease, the Advertising Standards Authority (ASA) said.

No treatments have yet been approved by the UK's Medicines and Healthcare products Regulatory Agency (MHRA) – meaning that companies cannot make medical claims on their products relating to coronavirus.

The ASA investigations were fast-tracked as part of a focus on prioritising and tackling ads that exploit health-related anxieties during the pandemic.

Docs: Don't put off seeking help for health issues

PEOPLE with concerns about their health should not delay seeking help, leading GPs have said.

The Royal College of GPs said it "cannot stress enough" how important it is for patients to continue to seek help during the pandemic.

The comments come after a new study found that thanks to early referrals from GPs, cancer patients were surviving for longer than ever.

The study was conducted before the Covid-19 pandemic.

But concerns have been raised that as a result of the UK lockdown, people are deferring seeking help for routine health problems.

A delay in seeking help could lead to more serious illness.

A FORMER beauty queen turned pro wrestler allegedly whipped her former partner with a DOG CHAIN.

Brittany Nicole Poteet, 33, has been charged with assault occasioning actual bodily harm.

The one-time Miss USA and Miss Virginia USA allegedly whipped the 43-year-old man across his back with a metal-buckled dog chain, causing gashes, on April 11 in Sydney, Australia.

In an unrelated incident in 2017, the glamorous blonde was charged with assaulting then boyfriend Wade McKenzie occasioning actual bodily harm.

But the charges were later dropped.

Ms Poteet, who moved to Australia to live in 2014, now performs as a female wrestler for Kingdom Wrestling Entertainment.

Alcoholic

She won the Miss Globe Australia 2019 beauty pageant and has a double degree in biomedical and nuclear science.

In 2011, she was crowned Miss Virginia USA and went on to compete at the national Miss USA pageant.

However, she was forced to hand back her Miss United States crown after she posted a picture of herself wearing it on Facebook with the caption "Miss Alcoholic USA".

She also made news in the US when her gay flatmate, Derek Powell,

claimed she used a homophobic slur in November 2011.

She was also charged in relation to a separate incident with assault and battery against a former boyfriend.

The charges were dropped and the beauty queen denied making the comments.

Ms Poteet will appear in court on her current assault charge in June.

OFFICIAL: BLONDES DO HAVE MORE FUN!

A WOMAN has proved that blondes really do have more fun when dating... after changing her colour from her natural brunette and being bombarded with offers of sex.

Care worker Rebecca Young, 36, was stunned by the response after dying her hair blonde and adding bright red lipstick on her profile picture.

She said: "It was like I was a completely new woman. Suddenly I had lots of men desperate to have sex with me because I was blonde.

"I also made some other changes to my profile picture – wearing bright red lipstick to look more alluring.

"I think I looked a lot more available and fun and men could see that I was up for a good time.

"The change was instant – with more than 30 men messaging me and keen to take things further.

"I had five men all keen to have sex despite the lockdown. It was very tempting, but I believe we do have to abide by the restrictions for now.

"I've been enjoying having Facetime sex while we are all stuck at home, but I will have full-blown affairs with some of them when lockdown ends.

Passion

"People are so frustrated at present because they cannot meet new people for sex.

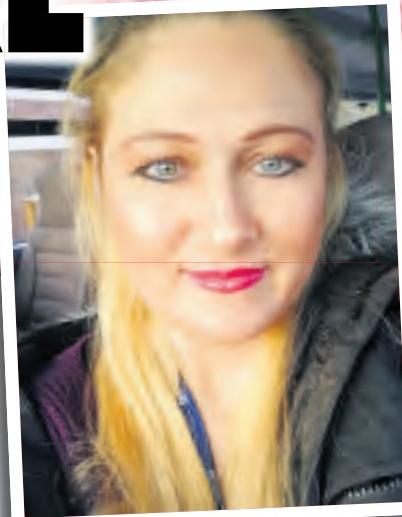

"There is going to be a huge explosion of passion when lockdown is lifted."

Rebecca, of Sheffield, South Yorks, dates using IllicitEncounters.com, the UK's leading affairs site, because the men on it are rich and she likes to be spoiled.

She is having sex every day on Facetime – and sees a different man for video sex each time.

She said: "It is obviously not as much fun as the real thing, but a girl has to adapt at a time of crisis!"

"Each guy has different sexual preferences, but it

always ends up with me naked and often on all fours.

"I have various outfits I wear to spice things up. One guy really gets off on me in a French maid's outfit.

"I will dress in that and then we will pretend that I have come to clean his hotel room and he has surprised me.

"He will tell me what article of clothing to take off and I will do a sensual striptease.

"I will then pleasure myself with a sex toy while he watches.

"He is very good looking, in his mid-40s. I cannot wait to meet him when this all ends.

"A second lover likes me in a uniform – either a police officer or a traffic warden.

"We play out this fantasy where I have caught him breaking lockdown and I then have to punish him because he has been a naughty boy.

"I have a whip at home

which I crack against the floor as a punishment. I will be using it for real on him in a few weeks.

"A third lover has one of those app-controlled sex toys, which he sent me.

"I use the vibrator and he directs the controls using his mobile phone. That's fun too."

Rebecca had tried other dating sites, such as Tinder, but got fed up meeting men who were skint.

She started out with a profile featuring her natural hair colour of brunette, before switching to red and then finally hitting the jackpot with her new blonde look.

She said: "I have been using IllicitEncounters.com for a couple of years after a friend recommended it to me because lots of the men on it are loaded.

"I know that sounds a bit shallow, but I don't earn a lot as a care worker.

"It was nice meeting men who were only to happy to pay and maybe spoil me with a gift as well."

IT'S true that men melt when they see a girl with blonde hair.

"Don't get me wrong, there are many, many sexy brunettes out there – just look at my glamour pal Krystal Webb.

"But there is something in men's DNA that sends them wild for blondes.

"And I love that, obviously!"

Virus docs' new warning

HAD A W**K? NOW WASH YOUR HANDS

By GRACE HOOPER
news@sundaysport.co.uk

A TOP doc has warned solo sex fans to wash their hands after choking the chicken.

Health ministry medic Jose Barletta said in a televised broadcast that people needed to wash their hands after sex – whether it was in person, virtual or just furiously masturbating over PornHub.

And the medicine man also said it's vital to disinfect spunk-splattered keyboards!

The doc said: "It's more important than ever to wash your hands after having sexual relations, after masturbation, or virtual sex."

"It is important to disinfect keyboards, telephones, sex toys and whatever else you might be using, whether or not you are sharing these things with others."

Fatal

Barletta was giving his advice during a broadcast in Argentina, where he is advising the country's government on COVID-19 measures.

It comes as levels of masturbation worldwide soar due to social distancing.

And sales of sex toys have rocketed in countries ranging from Denmark to Colombia.

Argentina's lockdown began on March 20 and will run until at least April 26.

The country has 2,669 confirmed cases of the coronavirus so far, 122 of them fatal.

Asked to comment on the advice being offered about sex and hygiene, Argentina's centre-left President Alberto Fernandez said: "If it's what the health ministry says, you should listen."

...AND DON'T PUT YOUR MOBILE UP YOUR MINGE, GIRLS!

A DOCTOR has warned lusty lockdown ladies, DON'T put your mobile phone up your fanny!

Dr Shree Datta, a consultant gynaecologist from London's private MyHealthcare Clinic, said there are a host of risks associated with using makeshift sex toys for solo fun.

And that includes getting your mobile wedged in your vag!

She said: "I've been sent some research about people making their own sex toys at home during lockdown – using mobile phones for vibration, electric toothbrushes and cucumbers.

"Whilst this is not uncommon, I would not recommend using makeshift sex toys due to the risk of infection and complications such as retained parts in the vagina.

"In some cases, women have had to attend A&E to remove plastic parts which have remained in the vagina, or with an infection where parts have been retained and they have not been aware they are there."

The warning comes as shops have recorded a spike in the sale of sex toys compared to this time last year.

However, some

people have resorted to making their own.

Online marketplace OnBuy discovered there were more than 23,000 Google searches for homemade sex toys in UK cities in the last month.

Leicester had the highest number of searches in proportion to their population, with hundreds trying to find out how they could make vibrators and lube in lockdown.

BRUNETTE BABES BARED
IN THIS WEEKEND'S

WEEKEND

ON SALE FRIDAY &
SATURDAY

FATHER-of-three Pablo Castro was putting the bins out at the shop where he worked when he was confronted by a psychopath looking for drug money.

John Ramirez stabbed Pablo no less than 29 times, cutting his throat and leaving him to die in a pool of blood.

And how much cash did Ramirez swipe after his sickening attack?

A little over a dollar...

...it bad

"JUST a bad night" was how John Ramirez described the carnage that left a beloved husband riddled with stab wounds and dying on the concrete.

Ramirez says he'd been doing "silly things" with pals Christina Chavez and Angela Rodriguez, getting high and looking for people to rob so that they could buy more drugs.

But things went terribly wrong when he tangled with Pablo Castro in July 2004 outside the store where he worked so hard to support his family.

By JUSTIN DUNN

news@sundaysport.co.uk

Pablo resisted Ramirez's demand for cash, and a fight ensued. What happened next left the town of Corpus Christi, Texas, in a state of shock.

Horrifying police images show Pablo's body lying on the ground, saturated in blood.

Ramirez, speaking from his cell on Death Row, explained: "It was just a bad night...a bad night. We were just doing these really silly things.

"We went to that store and I got into a fight with that man and I ended up assaulting him. I ended up killing him."

"I was so high on all the drugs and alcohol and, you know, I got so mad."

"It was so quick. I knew I went too far when I saw him fall down bleeding."

Escaping

Cold-blooded Ramirez then went on the run, escaping to Mexico. He wasn't snared until four years later, at which point he'd fathered a young son.

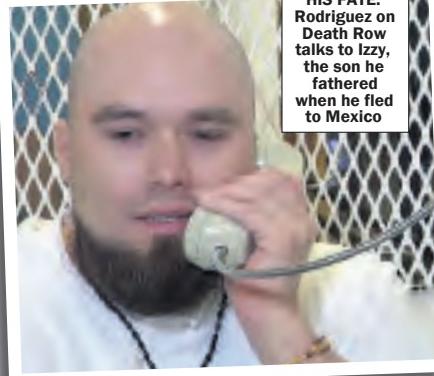

Ramirez has recently offered an apology of sorts to Pablo's family.

He said: "I hope you will forgive me, but I'm not going to ask you to because I understand that's a real hard thing to do."

"I understand you all hate me. I understand you all may think a lot of bad things about me."

"I want just you to know that I'm really, truly sorry. I really, truly am."

Those words will no doubt be the equivalent of nails down a chalkboard for poor Pablo's grieving family.

AWAITING HIS FATE: Rodriguez on Death Row talks to Izzy, the son he fathered when he fled to Mexico

Rodriguez as a passenger, while Ramirez drove the other.

"They pulled into the parking lot of Times Market, where they saw a man carrying a bag to the dumpster."

"Rodriguez got out of the van and spoke to him, then returned to the van."

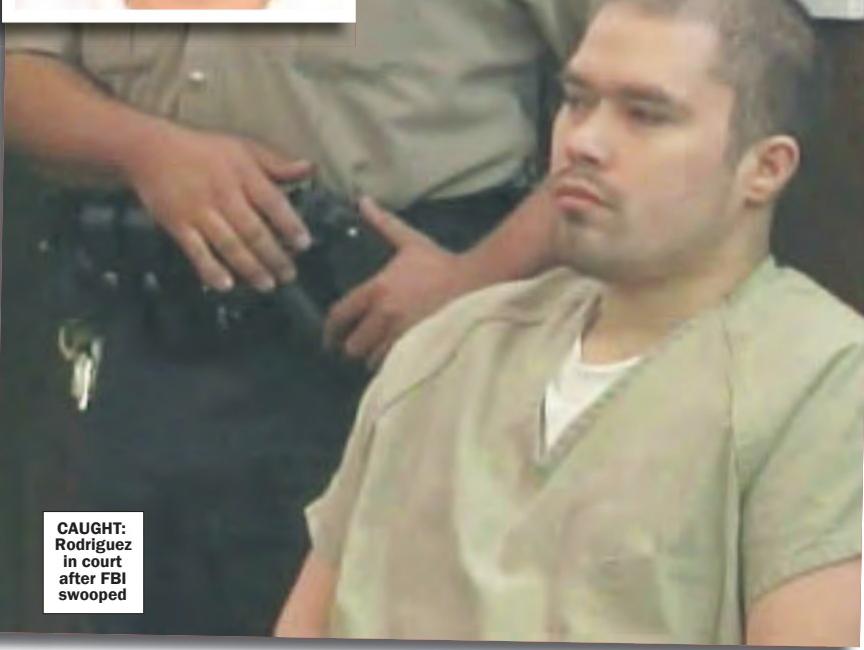

Fighting

"Chavez then saw Ramirez fighting with him. She told Rodriguez, who again left the van to see what was going on."

"Chavez testified that Rodriguez did not join in the fight but instead tried to get Ramirez off of him."

"Ramirez used the knife that he had been showing off earlier to stab the man until he fell to his knees."

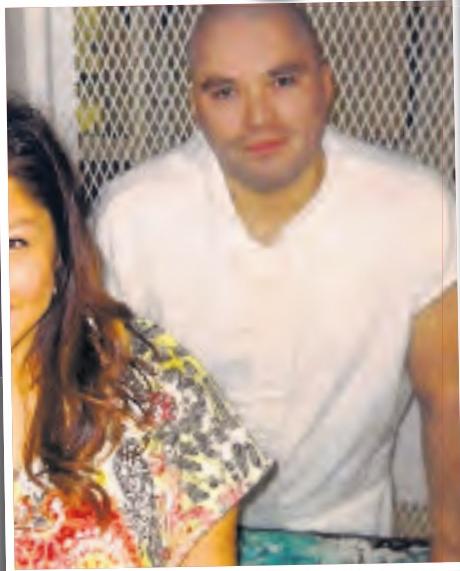

"After the man fell to the ground, Ramirez pointed to Rodriguez, who then went through

his pockets. She saw Rodriguez drop \$1.25 onto the console when she got back into the van."

Lydia Salinas, the manager of the grocery shop, described what happened that fatal night.

She said: "It was closing time and I was counting the money.

"I thought Pablo was in the back room getting the trash.

"A young girl walks in and just tells me that someone's outside lying, bleeding.

"I saw the body but I couldn't tell if it was Pablo so I ran back inside and screamed, 'Pablo! Where are you Pablo!' He was nowhere.

"When I saw him, it wasn't Pablo. He'd been stabbed so many times."

Another eyewitness describes Pablo refusing to give up, fighting with all his strength to keep breathing, before his injuries eventually overcame him.

Chavez and Rodriguez were soon arrested but Ramirez got away, prompting the four-year manhunt.

In the meantime, Pablo's family were left picking up the pieces.

His son Fernando was 11 years old when his father died.

Speaking bravely and eloquently on a recent BBC documentary *Life On Death Row: In Cold Blood*, Fernando said: "Everyone called him 'Amigo' because he was that friendly as a person.

"Every Sunday he would barbecue for us. I would always look forward to it.

"He was a real family man."

Fernando's brother, Aaron, said: "It is truly devastating to lose your father at 14 years old. There's still so much more you need to know about being a man.

"The night Dad died I was watching TV and saw police cars, a body on the ground, some boots. Then I saw his hat.

"I saw a body being placed on a gurney and I knew – he's dead, he's gone.

"There was just blood everywhere."

Tragedy hit Aaron and Fernando not only had to try to get on with their lives, they had to do so knowing that Ramirez was still out there, a free man.

"I wet the bed because of it. Every time I saw blood from that point on, I would lose who I was. I'd seen what happened.

"If I had a paper cut or if I scraped my knee and it started bleeding,

would see my dad. He didn't have to cut my dad's throat."

Reminiscing about the father he lost, Fernando adds: "Everyone called him 'Amigo' because he was that friendly as a person.

"Every Sunday he would barbecue for us. I would always look forward to it.

"He was a real family man."

There have been some suggestions Ramirez was granted protection in Mexico by powerful drug cartels.

Even detectives doubted they'd ever be able to snare him.

Chavez and Rodriguez were charged with capital murder and aggravated robbery.

Rodriguez was handed a life sentence while Chavez was ordered to serve 25 years in prison.

In the meantime, Ramirez was living the high life in Mexico. He settled down with a girlfriend and fathered a son, Izzy.

The evidence is clearly that he could."

As Ramirez awaits his fate on Death Row, it's hard not to feel some sympathy for the child created in the midst of such chaos.

Izzy recently said: "For me, he's a very important person in my life.

"I try to show him as much love as he needs. I love him and I want him to live."

"He's funny. He's part of my family. He loves me back."

"But he killed someone and he has to pay the price."

DID HE COME QUIETLY?

Murder suspect caught having crafty tug in sand dunes

A MURDER suspect who had been on the run for four months was nicked by cops – as he was having a WANK in sand dunes!

Cops patrolling a beach after a partial lifting of lockdown restrictions were simply ensuring beachgoers were obeying social distance rules.

But that's when they spotted Mario Gatti hunched behind a sandhill on his hands and knees, furiously masturbating.

Police in Jacksonville Beach, Florida, posted a picture on their Twitter page that shows Gatti wearing American flag shorts.

They captioned the snap: "While officers patrolled the beach they captured a Fugitive from Justice, wanted in Arnold, Pennsylvania, for Homicide. Good job!"

Shot

Because of Florida state decency rules, the tweet made no mention of the masturbation.

Police say a warrant was issued for Gatti's arrest after he shot and killed Michael Coover Jr, 33, at an apartment complex in Arnold in January.

It's not clear when

Gatti made the 800-mile trip to Florida.

Jail records show Gatti has been in and out of jail for crimes like possession of a firearm, possession with intent to manufacture or deliver, and drug crimes.

His most recent arrest was in October 2019 for possessing marijuana.

Police say Gatti, 30, will now be charged with criminal homicide, burglary, a firearms violation and public indecency.

A police source chuckled: "He done us the favour of providing his own DNA sample right there and then!"

PRETTY Patty Michova says fellas just can't get enough of her **HUGE** breasts.

The 28-year-old, from Barnet, north London, says her boob job is so good, most blokes can't even tell her assets are enhanced.

Patty, who boasts 34F norts, said: "I get asked the question all the time, 'Are they real?'

"And I take that as a huge compliment, because very few people can tell that they are actually fake."

"They feel wonderful, too, and I've had no complaints from any male friends in the bedroom."

"In fact, most guys just don't realise I've had implants at all – especially when they've got their throbbing manhood nestled in my cleavage!"

WHAT'S ANNOYING HIM THIS WEEK?

Only good place for blackbirds is baked in a pie!

ARE you missing trucks as much as I am?

Living near a main road that leads to an industrial park, we quickly got used to the 24/7 rumble of lorries passing through.

A full bus timetable, too, added to the general white noise that became an unnoticed background film score to our daily lives.

But now they're all mostly parked up while the wok-fried pangolin plague haunts every town in Britain, we have a new nuisance that's proving absolutely impossible to get used to at all.

Birds. Bloody birds. Blackbirds, to be precise. I've been up since 3.40am today, thanks to the incessant chirpy frigging cheep-cheep of a sodding blackbird that has declared next door's chimney pot its very own Speakers' Corner.

Earlier and earlier each day, as we pretend to enjoy British Summer Time, instead of sitting in the garden waterboarding ourselves in vodka, we're instead screaming up at the little feathered fiend next door.

For a creature that wakes up so unnaturally early, it doesn't seem to mind staying up late, either.

It's like having the very worst kind of child – the one that never shuts up.

Even when watching telly behind

WHEN your nan was being charged a grand a week of your inheritance to slowly die in a care home, did the greedy profit-making business owners ever think of using some of that ridiculous "rent" to invest in the personal protection equipment they're all whining about now?

closed windows in the evenings, we can still hear the incessant little bastard.

As I casually flick through hunting rifle, catapult and crossbow vendors on the internet, he's there, always, chirruping into my skull like the worst kind of earworm.

It's like having a self-implanted, badly-tuned, brain radio that you can't turn off.

As though Black Lace has moved into your head to sing *Agadoo* until your dying day – which by this measure, hopefully can't be too far off.

Before anyone is moved to write letters from Naturalist Angry from Tunbridge Wells, I'm actually an animal lover.

Give me a daft dog, aloof cat or cheeky monkey any day of the week – but that true affection does not in any way stretch to birds.

These beady-eyed dinosaur throwbacks – all the evil spawn of pterodactyls – shit on our cars, squawk in our ears, nick our chips at the seaside, and then shit again, very possibly on me.

There's an old saying that "a bird in the hand is worth two in the bush". But it needs updating.

"A bird in the bin is worth two hours of peace."

I'm locked and loaded. Bring it on.

OVEN chip giants McCain have got a telly advert on at the moment with Ricky Tomlinson reminding us that, sigh, "in these troubled times", chips make everything about family better.

The ad finishes with #StayAtHome on your screen. You know, so you stay at home.

AFTER you've been to the supermarket to buy their chips, obvs.

Mum's sex toy shock in girl's Frozen diary!

A MUM was shocked when she found her daughter's *Frozen 2* diary contained a list of adult toys and X-rated sex positions like "cowgirl" and "kneeling oral".

Toni Alamos, 25, said her daughter Millie received the book for her fifth birthday after it was bought by a friend at a Kmart store in Toowoomba, west of Brisbane, Australia.

Millie showed the book to her aunt who spotted the saucy list inside – which also included details of a "double dong", "rabbit vibrator", "anal beads", and a "paddle".

Toni said: "If it was in a diary in the adults' section I would have understood, but not in a kid's book? Come on!"

Ms Alamos added that thankfully her five-year-old's reading ability prevented her from understanding the sexual content.

When she returned the book to the store, staff there were "very apologetic" about the mistake, which appears to have happened during the original manufacturing process.

The all-action Channel 4 series returned to our screens on Monday with a glittering cast of stars.

But all eyes are likely to be on stunnaas Katie Price, Anthea Turner and Nikki Sanderson – because all three have been known for unveiling their boobs!

Katie, 41, famously spent many years as one of Britain's top glamour models – appearing topless in scores of publications, including your *Midweek Sport*!

Former *Blue Peter* and GMTV presenter Anthea, still ridiculously stunning at 59, gave her chapel hat pegs an airing during a sunshine break in the 2008

straight-to-DVD slasher flick *Boogeyman 3*.

The show also features former boxing world champ Tony Bellew and Anthea's fellow former *Blue Peter* And former *Corrie* pin-up Nikki, 36, who now features in *Hollyoaks*, appeared topless in a soapy bath scene for the 2008

straight-to-DVD slasher flick *Boogeyman 3*.

The show also features former boxing world champ Tony Bellew and Anthea's fellow former *Blue Peter*

presenter Helen Skelton, also 36.

Nikki has since revealed that she almost had her nose broken by Helen after the pair were told to box together.

Helen said: "I had to fight Nikki and that was tough because I really like her."

"She hit me a lot and I only hit her a couple of times, but when I did she was like, 'Oh my God, I think you've broken my nose!'"

THE WORLD FAMOUS AGONY Page

Dear Tess,

I MET this gorgeous blonde in her early 30s at a bar a few months ago and we really hit it off.

I'm 19 and find older women really attractive and she noticed the almost instant bulge in my pants.

We went back to her place and she wasted no time getting her kit off to reveal her cracking body.

I stripped and started to suck on her 34Ds. She then sucked me off to completion.

After that she lay down on the bed and I peeled off her wet knickers and feasted on her pussy juice. She loved it as I tongued her clit.

By then I was rock-hard again and she ordered me to bone her doggy-style. I soon had her orgasm.

I've seen her a number of times since and really like her, but she's told me she only wants sex. What can I do?

JB, Norfolk

Tess says...

ENJOY the sex or find a girl your own age.

Dear Tess,

IN the last six months my formerly frigid wife has turned into an absolute sex maniac.

I don't know how or why, but I'm not complaining. She even likes it when I wear her stockings and suspenders while I give her one.

And when she mentioned she'd like to try anal sex for the first time a few weeks back, I was well up for it.

So after lots and lots of foreplay – using some lube on my gentle fingers around her ringpiece – I got her on all fours and started teasing her arse with my cock.

But then she suddenly told me to stop. She explained she wanted to take ME up the arse instead and reached under the bed for a huge black strap-on dildo.

I told her to f**k off – but she's not let me near her since. What can I do?

KD, Devon

Tess says...

BE patient. If she's really turned into a nympho, she'll soon be begging you for some action.

I gave boss a hard time – now she's giving me a harder time!

Dear Tess,

I'VE fancied my boss at work for ages. She's 42 and a cracking blonde with huge tits.

I'd never really had the chance to do anything about it – until my big opportunity finally came last Christmas.

She told me I needed to go with her to a meeting at head office, which meant quite a long drive and we would be staying the night at a hotel.

We headed for the bar, as the firm was paying, and as she got more pissed she started opening up to me about her sex life.

She told me what she and her boyfriend got up to and I was soon rock-hard.

We went back to my room after

a long, boozy session and then emptied the mini-bar as well.

She told me she wanted me to f**k her hard and then took off her blouse and skirt.

I soon had her knickers off and my tongue in her love-hole.

After making her juices explode, I launched my knob into her.

At the moment of orgasm, she promised me promotion.

We've been back at work a while now, but not once has she referred to it.

What should I do?

AJ, Manchester

Tess says...

I'd think twice about complaining, as she would probably sack you.

AGONY IS BROUGHT TO YOU IN ASSOCIATION

WELCOME to the World famous Sport Agony page! No other newspaper's agony aunts can offer the level of advice – or experience – than our own Agony Angels! This week TESS O'REILLY has been reading through your letters. And here's her advice for you...

Steamy sex tapes are all I have left of ex

Dear Tess,

MY fiancée and I split up recently after being together for a couple of years.

We had an adventurous sex life and loved trying all sorts of different positions and adult toys.

And we made some really explicit homemade sex tapes together.

One time we set up the HD cam at the bottom of the bed and got stripped.

I started licking her pussy and sucking at her clitoris. Then I sucked her rock-hard nipples until she was almost screaming at me to f***k her.

Spurt

But I made her climax with my mouth before she got onto her hands and knees and gave me a hard, fast blowjob.

She traced her tongue around my helmet and gave me a deep throat gobble – it was fantastic.

I didn't want to spurt my load too soon, so I entered her and she swung her legs over my shoulders.

Several thrusts later we both came and were shouting and screaming the place down.

After a few glasses of wine, we were ready to go again and set the camera to record again.

She was soon straddling

me and I thrust my knob in her. She bobbed up and down on me as I tweaked her erect nips.

Then she demanded I gave it to her doggy-style until we both came.

Our session lasted more than an hour and we had it all recorded.

But later that month, we had a huge row and she walked out on me and moved all her stuff out.

Now she wants me to destroy the sex tapes, but it turns me on to watch them and now I'm on my own they are all I have to wank over.

Do you think I need to pass them on to her or should I keep hold of them?

RD, west Midlands

Tess says...

GET rid... or they might come back to haunt both of you.

Dear Tess,

I ABSOLUTELY love the smell of pussy first thing in the morning.

Every single day I get the wife to wake me up by sitting on my face to give her a good licking.

I always get my tongue right into her love-hole while I play with her clitty and finger her bum.

She then returns the favour by giving me an expert blowjob before I take her doggy-style.

Problem is, she now wants to wake me up by sucking on my cock first and I'm just not happy about it.

What should I do?

FK, Teesside

Tess says...

ARE you for real?

DO YOU HAVE A SEX PROBLEM?

My snake charmer is now HISStory!

Dear Tess,

I WORK in a pet shop and the week before we went into lockdown a man came in just as I was closing up.

He said he was interested in buying a large, exotic snake. But after a while it was HIS snake that I started to show an interest in!

I noticed a bulge developing in his trousers as he seemed to be getting more and more turned on by my sales patter.

I was getting a bit excited myself, so I told him the best thing to do would be for me to show him a few reptiles.

I led him to my back room, but I guess he must have twigged what I had in mind.

Thrusting

As soon as I'd closed the door behind us, he unzipped his pants and brought out the most amazing trouser-snake I've ever seen.

It must have been at least 10 inches long and a good three inches in girth.

I bent over a table and he was soon thrusting away at me with his monster cock.

I could feel an orgasm welling up inside me as he pounded away and I let out a squeal of delight as my dam burst.

He promised he'd come back the next day to pick up his pet snake – but he never returned.

Do you think I put him off by making myself such an easy lay?

HG, east Yorkshire

Tess says...

He sounds like a bit of a slippery character.

Dear Tess,

ME and the missus used to enjoy what we called a "normal" sex-life.

I was the dominant one and she loved acting submissive.

She would dress up for me and play the slave to my strict master and dutifully obey my orders.

I made the most of it and would have her sucking my cock as often as I wanted.

But sadly, that's all changed.

She now works full-time as an accountant and earns quite a bit of dosh.

This means we're quite well-off, despite the fact that I was made redundant a few months ago.

This is where everything turned to rat shit for me.

Because once my wife knew I had plenty of time on my hands, she started to lay down the law at home – and now SHE'S the dominant one.

First, she made a list of my household duties.

And incredibly, she also came up with a list of SEXUAL SERVICES that she demands I perform to order.

I have to tease her fanny before going to work on her clit with my tongue.

Then, after a bit of a nap, she demands oral sex all over again – AND a good shitting to boot!

This is leaving me a mental and physical wreck. What can I do?

DM, Glasgow

Q12:

ANSWERS

Christina Jolie

KINKY Christina Jolie can't get enough ANAL SEX and says she loves fellas shoving their cocks up her rear-end.

What's more, she said her skilful sphincter can actually milk a hard dick like a cow's teat!

Christina, 30, from Egham, Surrey, said: "I've always loved taboo sex."

"It feels a bit naughty and

maybe slightly degrading – in a good way, of course!

"I must be rich in nerve endings around my bum as I always go wild when I'm touched there."

Orgasms

"I've had the most amazing orgasms from anal sex – way more powerful than from regular sex."

"I've also had a number of toys

up there, too, such as anal beads and dildos."

The 34D beauty added: "The guys I've been with have loved trying some X-rated anal play, too, and they've been over the moon that I'm into it."

"I know it feels extra tight for the bloke and I love that I'm able to give them that."

"So everyone's a winner!"

ALEXIS JONES

DELI owner Alan McGregor wrote in begging to see a picture of his favourite topless stunner Alexis Jones.

Alan, 56, from Cardiff, owns his own deli in the Welsh capital and would love 29-year-old Alexis to pop in for one of his specials.

He said: "Alexis is utterly gorgeous, she came over from Romania to live just down the road in Port Talbot and she'd be welcome in here anytime."

"I've got a deli special offer reserved just for her 32F lovelies and trust me, she'll definitely come back for more."

EMMA SPELLAR

PLUMBER Daryl Brandt only has eyes for glamour girl Emma Spellar and emailed us asking for a saucy snap.

Blonde stunner Emma, 34, from Woodford, north London, is 38-year-old Daryl's ideal girl.

His job sees him fix loads of leaky pipes in his home town of Ipswich, Suffolk, but it's his own pipe which he reckons 32DD babe Emma could help him with.

Daryl said: "I reckon a night with Emma could definitely unblock my pipes, she's a beauty."

JAMIE JENKINS

SURVEYOR Cody Nelson reckons Jamie Jenkins' perky pointers would very likely take him all day to work on.

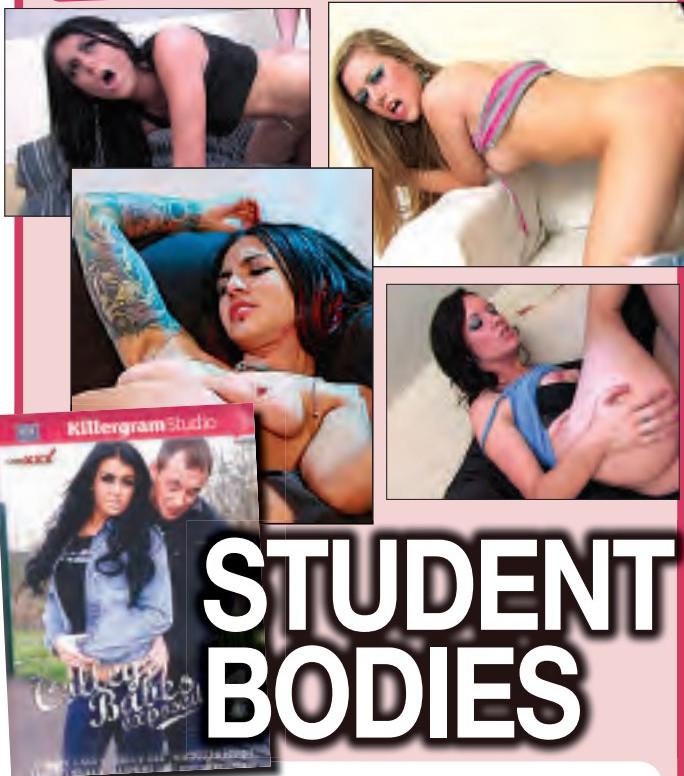

Cody, 43, from Hull, spends his days measuring locations but he'd love to get his hands on 28-year-old Jamie's 32C rack.

Ever since she first appeared topless in *Midweek Sport*, Cody has been in awe.

He said: "Jamie is just heavenly. If there's one thing I wouldn't mind surveying are her perfect boobs."

ENGLAND:

DEFENDER KOUL ON MOVE TO FRANCE

By ANDY MILLOM

MANCHESTER United have been handed a major boost in their chase of Napoli defender Kalidou Koulibaly.

The big centre-back has SNUBBED a move to Paris St Germain. The French giants had earmarked the 28-year-old as the man to replace their ageing skipper Thiago Silva.

Boss Koulibaly is reported as saying moving to France would be a step backwards and he would prefer to sign for a Premier League club.

As it stands, only United appear to have declared an interest although the news could alert others like Chelsea, Arsenal and Spurs who will fancy their chances of attracting him to London.

Napoli tied him to a long-term contract but see him as their main asset and are open to offers this summer.

They would accept an offer in the region of £75m which is likely to scare off the London clubs.

Pursuit

United would also be keen to reduce the fee for a player of his age and could offer the likes of Eric Bailly in exchange.

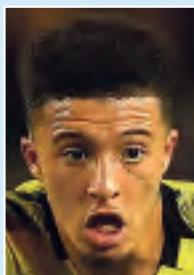

It could be an expensive summer for the Reds as they keep up their pursuit of Jadon Sancho.

Boss Ole Gunnar Solskjær wants as much pace in his attack as possible and the Borussia Dortmund forward looks an ideal signing.

There have been some reports of the deal already having been agreed in principle.

Insiders also suggest that it has gone far enough to agree personal terms with the player.

The 20-year-old would

TALKS CLAIM: Sancho

surely form a potent partnership with fellow speedster Marcus Rashford as United look to get back to challenging for the Premier League title.

Footy legend Graeme Souness believes the Reds could end up paying well over the odds for Sancho — maybe even more than £150m if they're not careful.

He said: "You're taking away your negotiating power if you go down that road with agreeing personal terms first.

"They know the strength of your offer and they know you're very much up for it."

BIGGEST TAKEOVER FOR YEARS

MAY DAY FOR NEW TOON OWNERS

£300m deal for Newcastle must be done next month

NEWCASTLE'S takeover needs to be completed by the end of next month.

That is the deadline Toon owner Mike Ashley has reportedly set for the £300m deal to be done.

A £17m deposit has been paid by the consortium that includes the Saudi state fund to get the ball rolling.

Now the Premier League has to give its blessing for the takeover to go through.

So far, there have been no major hurdles in the process that would see Ashley hand over the keys to St James's Park.

He has owned the club since 2007 and there have

By JOHN ANTHONY

been other attempts to sell the club that have fallen at the final hurdle.

This one looks more concrete having got to the stage where £17m will go down the drain for the potential buyers if it doesn't happen.

But there is still a huge note of caution on Tyneside. Many Toon legends won't be convinced until the deal is all signed and sealed.

One of those is Newcastle record Premier League scorer Alan Shearer.

He is not counting his chickens just yet, saying: "Like so many Newcastle fans, I refuse to get excited

until the sale of the club actually goes through.

"I'm reluctant to get my hopes up — we've been here before, so what is the point?

"There are still questions to be answered.

Cautious

"We are yet to hear about the finance of the deal and still haven't heard anything from Mike Ashley or the prospective buyers.

"So until the deal is done, I remain cautious."

In Saudi Arabia, the local press is acting as though the club is already their property.

There is plenty of speculation about the players being

lined up to sign for the Toon.

After getting their hands on a Premier League club, the new owners won't want to be in the shadow of middle east rivals Manchester City which is owned by Sheikh Mansour of the Abu Dhabi royal family.

The Saudi fund which is part of the Toon consortium is reportedly worth almost half a TRILLION dollars.

It would be loose change to them to invest hundreds of millions in Newcastle — although they have the UEFA financial fair play rules to take into account.

The shopping list in the Saudi press will have the Toon Army in raptures. A

Women's football will still get cash

WOMEN'S football will not miss out on the £800m boost that FIFA promised before the coronavirus.

The sport's governing body pledged the cash to promote the spread of the game around the world.

Nations and clubs are in for a windfall that tries to bring the women's game closer to the men's.

With coronavirus hitting sport all across the globe, there were fears that the money would have to be diverted elsewhere.

But a FIFA spokesman took a leaf out of Jim Bowen's book on Bullseye and has told women's footy that "their money is safe".

He added: "We can confirm that this funding has already been committed by FIFA and will not be impacted by the current Covid-19 crisis."

"This funding will be invested into a range of areas in the women's game including competitions, capacity building, development programmes, governance and leadership, professionalisation and technical programmes."

FIFA have also pledged to include women's football in any extra finance that is provided as part of the sport's reaction to coronavirus.

Tight

Because most of the women's teams are offshoot of men's clubs, there have been fears that the money tap will be turned off because of the general crisis.

But it appears that FIFA will step in should money become tight.

The spokesman said: "We can confirm that women's football is being fully considered as part of this process in order to understand the various needs and impact on stakeholders within the women's game."

"FIFA is currently working on possibilities to provide assistance to the football community around the world, including women's football."

"The exact format and details of this assistance are currently being discussed in consultation with FIFA's member associations, the confederations and other stakeholders."

"As part of these discussions, FIFA is in close contact with key women's football stakeholders on the impacts of Covid-19."

'Scottish season can't be finished'

IT'S "impossible" to finish the Scottish Premiership season because of coronavirus.

That's the view of St Johnstone manager Tommy Wright who believes playing games behind closed doors is a total non-starter.

There's already an almighty barney over calling time on the lower divisions. The vote that allowed that to happen also said the Premiership could follow if UEFA are happy to end the campaign.

And Wright can't see any other solution but to crown Celtic champions right now. He said: "I was a firm believer that the

season should be finished but the longer it has gone on you've seen how difficult that is going to be."

"The time-frame doesn't allow it and then you have the contractual situation with players."

"You are getting to the stage where it looks impossible. There are too many obstacles in the way. It's time to be realistic about it. Some people won't be happy with it but it is reality."

"Government will decide when we play football again and right now it feels like that's miles away. It only seems to be heading in one direction."

couple of weeks ago, players like Rangers striker Alfredo Morelos were thought to be ambitious targets.

Now Newcastle are being linked with a trio of Barcelona superstars — Antoine Griezmann, Philippe Coutinho and Arturo Vidal.

Fanciful

There are strong rumours that Griezmann will leave Spain when the transfer window re-opens.

He has not matched his Atletico Madrid form at the Catalan giants with just eight La Liga goals in 26 games.

While it may seem fanciful to link him with Newcastle, there is talk in the middle east

of a £100m move. Coutinho looks a more likely signing as he's been frozen out at the Nou Camp and has made it clear he would like to come back to the Premier League.

And combative midfielder Vidal is another with an uncertain future in Spain.

The Chilean has made his mind up to leave Barca and has been linked with Man United as well as the Toon.

No disrespect to current boss Steve Bruce but the new owners may want a more famous international name in the hotseat.

Rafa Benitez remains the fans' choice but former Juventus boss Max Allegri is also thought to be in the hunt.
